

Hello

I have a 16 foot Tasar Sailboat with the EZ-Loader trailer for sale.

I have kept this boat inside as well as the trailer so the fiberglass and wood are in good condition.

It includes a boat cover, spare jib, spindle rod, and mounting brackets so the jib and boom attach easily to the top of boat for transporting. I also have the original binder that includes details on servicing, assembling, and sailing the boat.

Both sails are in great shape and there is a spare jib in the Tasar case that has never been used. (see photo)

A new Tasar—according to the Kelowna Sailing Club—sells for \$17,000. I'm asking \$3000 and that includes the trailer. (see photo below for price of new Tasar)

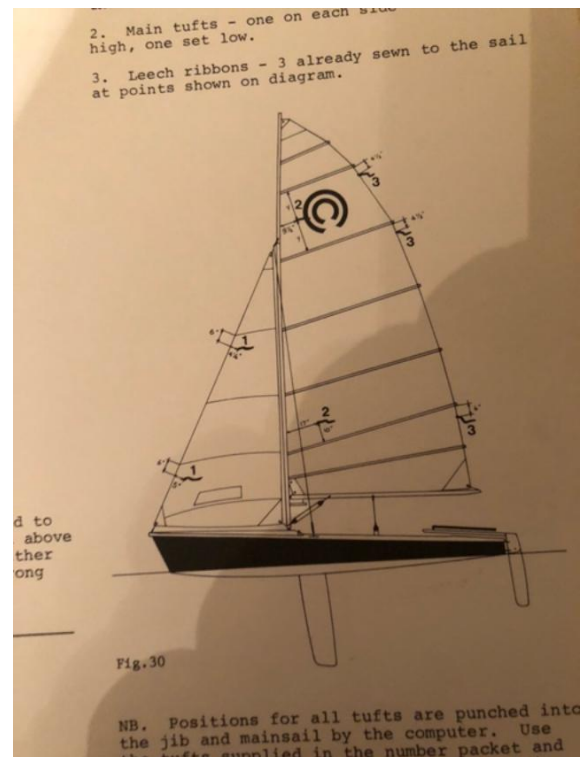

Feel free to pass this email around or post it on any website or newsletter.

Thanks

My phone number is 780 449 4327

My cell/text # is 780 240 6327

I am located in Sherwood Park just off the Anthony Henday. I'm very close to Salisbury Greenhouse.

Hello,

A new Tasar would be around \$17k, I imagine one from the 80's if it's in good condition would be around 2k. That is my best estimate.

Kind Regards,

Sarah
